

## Dear Santo VFD Supporter,

We appreciate your support of our fire department in the past and look forward to your continued support in the future. We've been busy working to improve the department and are planning some new and exciting things for you to see and participate in over the coming months.

What we've done:

- Acquired a rescue truck (**#1308**) which helps us respond to motor vehicle crashes and extricate victims.
- Paid off debt on several pieces of equipment so we can be better positioned for future growth.

What we're going to do:

- **Showcase local businesses and individual sponsors** with links and ads on our website **www.santofire.us**
- Continue to provide the best volunteer fire and EMS services to the Santo community that we know how

What we need:

- Your moral support (say "hi" to our firefighters and let them know you appreciate what they do)
- Your financial support (cash donations, donated raffle items, website sponsorship)
